above is in charge of the PWD. It is now desirable to continue the bit of the said road in charge of the Forests by undertaking heavy repairs. The EE proposes to transfer above mentioned portion of road to the PWD. The EE (C&B) whom was consulted in the matter has stated that the portion of the said road may be transferred to the PWD. Since the condition of the small bit is very bad due to lack of maintenance both MDR Standard.

List of Enclosures.

The proposal is agreeable. You are pleased to direct that a bit of 3 furlongs 150 feet on Belgaum-Dandeli Road between mile Nos 18/7 and 19/3 which is in the charge of the Forest Deptt be transferred to the PWD.

Letter No. CMS /PB/62.63 dated 27.8.62 from the Executive Engineer, Belgaum Dn. Belgaum to the D.F.O. Belgaum Division, Belgaum.

Subject:-Handing over the forest road from Nagargali to P.W.D. Roads.

Reference:-No.728 of 62.63 dated 9.8.62 and Range Forest Officer, Nagargali.

The Range Forest Officer has referred to the taking over of the road bit to the P.W.D. for maintenance. But this cannot be taken over in the absence of a Government Order. This was made clear in T.O. even No. dated 25.7.62. Hence the Government may please be approached to issue necessary orders for the transfer of the roads.

Subject:-Transfer of Forest road to P.W.D.

No.DPT/RDS/1534/54/61.62/62.63.
Belgaum, 18th Sept. 1962.

To

The Conservator of Forests,
Belgaum Circle,
Belgaum.

On the section of the road namely the Belgaum - Dandeli road, there is a very small portion of metalled road measuring 3 furlongs and 120 feet. in between mile Nos. 18/7 to 19/3 which is in Charge of this Department, while the rest of the portions of the same road from mile No.1 to mile No.18/7 and from mile No. 19/3 onwards belong to the P.W.D. From this it is clear that there is a dual control over the road both by this Department as well as by the P.W.D. A fraction of the road which is in Charge of this Department is from the Nagargali Railway Station road crossing upto the crossing of the roads namely (1) Dharwar- Goa frontier road and Belgaum - Dandeli road. A portion of the same road known as Tavargatti-Dandeli road which was in charge of this Department has been taken over recently by the P.W.D. for maintenance.

It is not therefore desirable that this piece of road of 3 furlongs and 120 ft. should be in charge of this Department as the maintenance and management should be on par with that of the P.W.D. and it is not possible for this Department to develop this bit of road to that standard.

As Dandeli is going to be one of the Developing industrial places, the importance of the Belgaum-Dandeli road has grown much and consequently plying of passengers and goods vehicles thereon is on the increase. In order to have proper maintenance and uniform development it is needless to say that the whole road should be under the control of one Department. The Executive Engineer is pressing this Department to repair this road to the condition of all-proof road fit for traffic throughout the year. He was requested to take over the management of this portion of the road for which he requests Government order for transfer of the road to his Department. The copy of his letter No.CMS/PB/62.63 dated 27.8.62 is herewith enclosed.

I therefore request you to move Government to arrange the transfer of this bit of the portion of the road in charge of this Department to the P.W.D.

Sub:- Transfer of Forest Roads to P.W.D. from Mile Nos. 18/7 to 19/3 on Belgaum - Dandeli Road.

I enclose herewith a letter No. DPT-RDS-1534-54/61-62/62-63 dated 18-9-62 from the Divisional Forest Officer, Belgaum seeking sanction of Government to transfer the bit of forest road in between mile Nos. 18/7 and 19/3 measuring 3 furlongs and 120 feet to the P.W.D. The Divisional Forest Officer reports that the whole length of the Belgaum-Dandeli Road except the portion mentioned above is in charge of the P.W.D. and the Executive Engineer is pressing this Department to repair this bit of road to make it fit for traffic throughout the year. When the full length of the road except this portion is in charge of this Department, there is no point in continuing this bit in charge of this Department by undertaking heavy repairs. The Executive Engineer, Belgaum Dn. Belgaum who was consulted in the matter, replies that he cannot take over the above portion of the road for management in the absence of Government sanction. A copy of his reply is enclosed for favour of perusal.

2. Government may therefore kindly be moved to transfer the above bit of road lying between mile Nos. 18/7 and 19/3 to the ~~the~~ P.W.D. for management.
